This is to inform that, Powertronic Solutions had made complete energy study at our factory and suggest for Active Harmonics Filter.

We have implemented the same and observed, the Current Harmonics has improved from 20% to 5% & the power factor from 0.86 to 0.97. This has resulted in reduction in our demand by 11% and energy bill by 10%.

We sincerely appreciate M/s. PTS Powertronic Solutions Pvt Ltd for their contribution towards energy efficiency.
